

PUBLIC PROCUREMENT & GOVERNMENTAL AFFAIRS

A new boost to the GGI Practice Group

By Dr Mathias Mantler
and Dr László Tunyogi

With regard to the European public procurement regulation system, there are increasingly new dimensions, acts and approaches being generated by the relevant EU Directives which need to be followed. It is not easy to stay up to date with each piece of news, development and trend. For this reason, the GGI Public Procurement & Governmental Affairs Practice Group will be re-established. Practice Group members can keep in the loop, actively share experiences, knowledge and ideas and last but not least, learn a great deal from one another's litigation experiences. It is planned to collect information on how the different EU member states have implemented the public procurement directives.

Dr Mathias Mantler

Dr László Tunyogi

Some years ago, when the first practice group meetings had been organized, it was shown that some GGI members have prior, wide-ranging experience of establishing professional contacts and knowledge of governmental decision making processes. Several GGI members have excellent references in this context that could be presented on the next Practice Group event. Obviously governmental affairs are far more complex than public procurement. GGI members from all around the globe who work in governmental affairs are kindly invited to share their experiences!

The first meeting of the restructured Practice Group is scheduled for October 2016 during the next GGI World Conference in Bangkok.

If you are interested in participating in the Public Procurement & Governmental Affairs Practice Group and/or willing to prepare an interesting presentation and present an informative and valuable case study in the aforementioned fields, please contact Dr Mathias Mantler or Dr Laszlo Tunyogi by email as soon as possible (and no later than mid-August)!

You only need to hand in a short profile of yourself, your firm and the topic you intend to present.

Dr Mantler or Dr Tunyogi will get in contact with you in order that they can put together the Practice Group meeting agenda with you.

Do not miss the Practice Group meeting in Bangkok, where the floor can be yours!
