Visit the scenic town of Nicosia, the island's capital since the 11th century AD. The Lusignans turned it into a magnificent city with a Royal Palace and over fifty churches. Today it blends its historical past brilliantly with the bustle of a modern city. The heart of the city, enclosed by 16th century Venetian Walls, is dotted with museums, ancient churches and medieval buildings preserving the nostalgic atmosphere of years past. Visit first the Archaeological Museum before continuing to the Ledra Palace check point, the only pedestrian access point between the Greek and Turkish communities. You will explore the city and its unique charm. Lunch will be taken in a restaurant in the old restored neighbourhood.
