

## GGI SPECIAL INTEREST GROUP WEBINAR CORPORATE GOVERNANCE & COMPLIANCE

Thursday, 06 May 2021, 11:00 am EDT (Eastern Daylight Time) | 17:00 pm CEST (Central European Summer Time)

Chairs: Anthony J. Soukenik & Samir Pajalic

### Digital Tax

Due to concerns that the existing international tax system does not properly capture the digitalization of the economy, the OECD (Organisation for Economic Co-operation and Development) has been negotiating with more than 130 countries with regards to adapting the international tax system.

Some countries have already moved ahead with unilateral measures to tax the digital economy. The proposed Digital Services Taxes, some of which have already been implemented, differ considerably in structure.

This webinar is intended to shed light on the topic of digital tax and provide information on this extensive subject.

This webinar is for members of the Special Interest Group and any GGI members wishing to join the SIG.
