
GGI PRACTICE GROUP WEBINAR INDIRECT TAXES

Thursday, 17 June 2021, 16:00 pm CEST (Central European Summer Time)

Chairs: Steve McCrindle & Toon Hasselman

G(enerally) S(imple) T(ax) – Star Wars

1. Warm words of welcome
2. “Star Wars – Return of the Jedi”

We will look at the issues arising from the introduction of the new EU regulations for e-commerce, scheduled for implementation effective from 01 July 2021, but this time from a non-EU business perspective.

What is this all about?

As you know from the last webinar, the Galactic Empire (the EU) hunts the scattered Rebel Alliance (Third Country VAT and Customs duty evaders) throughout the galaxy. While Darth Vader (the ‘taxman’) relentlessly pursues Luke Skywalker’s friends—Han Solo, Princess Leia, and Chewbacca—Luke studies the Force (the new regulations) under Jedi Master Yoda (a.k.a. Toon Hasselman) to prepare himself for his upcoming confrontation with Vader.

In a strange twist, some new goods arrive – enter C-3PO and R2-D2. Are these the new VAT regulations in hardback or automated toys imported from China for you to play with? You will not know unless you attend this webinar.

Again, don’t worry about the two-tier taxing system for imported goods with a value up to EUR 150 and those over EUR 150.

Don’t fret about collection mechanisms for:

- Online sellers and online marketplaces / platforms, and
- Postal operators and couriers.

Don’t torment yourself about and Import One Stop Shop (IOSS).

Yoda and his pupils will explain all – e-commerce made easy.
