

## **Asian Region Opportunities & Establishment of a Regional Audit Practice Group**

### **Suggested Inputs to our Conference Agenda**

1. Discuss and understand existing capabilities of GGI firms in the Region, the nature of their work and the regulatory environment in which they operate.
2. Natural / sensible business and commercial opportunities arising from existing GGI skill sets.
3. Experience and business already performed to date, including key relationships developed. Eg Lawler Partners work on:
  - IFRS training and consulting (Malaysia and Indonesia);
  - Expansion into Australia from Asian business interests (Indonesia);
  - Requirement for audit of Australian subsidiary located in Asia (Singapore);
  - International tax.
4. Considerations for establishing an Audit Practice Group in the Region, including:
  - Core objectives;
  - Integrating / leveraging from what we already have and know (experience in services already provided, contacts, etc);
  - Consideration of how the group will look and operate;
  - Integration with the International Practice Group;
  - Development of the two streams adopted by the International PG: compliance and international audit business;
  - Project roles.
5. Commitment to processes driving audit approach and quality control – taking care to avoid being seen as a network.
6. Next steps.
