

Join GGI Corporate & Commercial Law Practice Group (C&C PG)!

It will be launched at the GGI European Conference in Madrid, 22-25th April 2010

Different local laws and procedures may affect the conduct of all GGI members and their clients on a cross-border basis and this is even more evident in the international or multinational environment we experience today.

The core purpose of the Corporate & Commercial Law Practice Group is to enhance the development of skills and professionalism within the legal field to benefit the members and their clients and to further promote their respective business (-es). What is unique with this group is that it will be open to all members, not only lawyers, who are interested in the legal area and its consequences on the business of today.

Being part of the Corporate & Commercial Law Practice Group means that you will have opportunities to learn from highly experienced professionals from different jurisdictions dealing with all kinds of corporate & commercial legal matters. You will also be able to share your own experiences with others and discuss possible solutions to legal matters.

Different topics will be raised, presented and discussed within the group. The topics will differ from time to time depending on interesting recent legal developments and questions raised by members of the group. We will introduce excellent speakers with specialist knowledge within the particular area. We will also join other PGs and share our experiences and knowledge with them in joint sessions.

Some examples of topics that we think could be of interest for all members:

- Professional Liability – have the risks for us consultants increased lately?
- Cross border litigations – time to cooperate?
- Class action in Europe – something to worry about or just empty threats?
- Labour law – different aspects and experiences in the aftermath of the financial crisis
- Insider trading
- Marketing & Advertising law on a global basis – time for harmonization?
- Product Liability
- Court proceeding, arbitration or mediation – what do I choose?
- International Contract law - negotiating and drafting a contract
- Cross-border insurance claims

There are, naturally, more topics to be discussed and raised – by you!

I hope that I have sparked your interest and that you will become a member of the C&C PG in order to create, build and develop this latest GGI Practice Group.

Please e-mail me if you are interested in becoming a member of the C&C Practice Group and/or if you would like to be a speaker at an event. If you are unable to come to the launch in Madrid in April but still want to be part of the Practice Group, please email me and I will add your name to the Practice Group member list for future meetings.

All interested members will receive more details about the C&C PG seminar in Madrid with information about the topic, speakers and other upcoming events within short.

Should you have any questions, please do not hesitate to contact me.

Looking forward to hearing from you!

Warm regards,

Susanna Norelid
