### **PART I – Presentation**

#### **INTENTIONS, REGULATIONS, SOLUTIONS**

The presentation compared the regulations, international agreements and directives, highlighted the common principals and different preferences, based on:

- WTO Procurement (Government Procurement Agreement; GPA; 1994.)
- European Public Procurement Directives (2004/17/EC and 2004/18/EC)

#### **Subject:**

- How the public sector is procuring in the world
- How much is the cross-border part of public procurement
- What are the obstacles
- What can we – advisers – do for our clients?

### **PART II – Exchanging Ideas**

*Michael Sinha:*

Being a partner of the professional consultant firm Wedlake Bell, he has wide range experience on the field of healthcare investments (hospitals), and social care procurements. The discussion based on the different possibilities in Europe and in other WTO countries of Public Private Partnership and classical public procurement procedures – on the subject of construction works.
