

**Minutes of the meeting of the Practice Group Real Estate on in Toronto  
on 25 October 2011  
lead by Robin Fritz**

1. The participants were of the opinion that the experience with the own stand at MIPIM 2011 does not justify a repetition. Instead it should be checked to make a reception next year.
2. The idea of issuing an information letter of the Practice Group for clients was approved. About content and number of pages there was an intensive discussion. It was agreed that it should not contain more than 4 pages. The articles should be short and interesting for foreign clients. On the last page all GGI countries should be listed.

Dr. Reinhard Nacke
