*(for those, who have registered with their application form)*

***A day exploring the traditions of Herend – the city of porcelain***

*During this program, guests will discover the secrets of Herend porcelain.  
After a drive of 2 hours, we will arrive at Veszprém for a morning coffee at Veszprém castle. We will then continue our drive for 30 minutes to the small town of Herend: the centre of porcelain-making in Hungary. Until recently, only a privileged few were able to see for themselves how Herend's marvellous works of art were made. Now everyone has the opportunity. We are delighted to invite you to join this special excursion.*

*The program is kindly organized by our GGI member firm, Signator Audit Auditor Ltd. Those who have registered for the program will receive further information in a separate email.*
