

CURRICULUM VITAE

Name: François Geinoz

Date of birth: 1962

Place: Fribourg/Switzerland

Studies:

Graduated in Economics from the Universities of Fribourg and Zurich, Master in Economics (1986).

Research Assistant in Operations Research and Artificial Intelligence, Institute for Automation, University of Fribourg (1986-1988).

Advanced Management Program at IESE Business School, Barcelona/Munich (2007).

In charge of lectures at the Universities of Zurich and Fribourg, and at the Technical School of Windisch (1986-1989).

Management trainee (1988-1990) and Managing Director (1990-present) of the Limmat Foundation (Zurich), www.limmat.org. This is a non-profit, private Swiss foundation, which is particularly active in the fields of education and development cooperation. It works to support initiatives which serve the common good, both in Switzerland and abroad.

Co-founder of the Zurich Round Table of Philanthropy (www.philanthropie.net).

1986-present: intensive work on demographical issues, following private studies.

Numerous presentations in Switzerland (for instance at the Universities of Zurich, Basel, St. Gallen and Fribourg) and abroad: Austria, Germany, Italy, Colombia, Argentina, Russia and France (Council of Europe).

1994: Participation at the International Conference on Population and Development, Cairo.

Keynote speaker at "Learning to live together – World Congress on International Education, Integration and Development", UNESCO Latin America, Buenos Aires, 1999.

Seminar on Demographics (1 week) for Professors at the University La Sabana, Bogotá (Colombia), 2004 & 2007.
